“ My wonderful memories of Uncle Sal span a lifetime from when I was very little and feeling so important when I visited you every night during supper down at Grandma's and brought you a can of Ballantine and attending your wedding and mingling with the grownups. I was so privileged to have such a loving and caring Uncle who was always there to share family traditions and celebrate at family gatherings. Uncle Sal, the answer to your question "Is that right" you always teasingly asked me is YES, I will forever be grateful you were a special part of my life. I pray for your eternal rest and peace. Love Marie
